Location: On the corner across from the Snax Cafe. The road/pedestrian crossing area. This area has a massive dip and every time it rains it fills up and cars splash the entire pavement including the pedestrians on it. It's unacceptable particularly for those with physical disabilities and cannot dodge the splashing

Location: There are a number of potholes on Dalry Road at the top of Murieston Crescent	Contact:	
Category: Potholes		
These potholes have been there for a considerable time patched twice and now as bad as ever. Our property vibrates and it's very noisy when vehicles pass over the potholes especially buses and HGV vehicles.		
These potholes require URGENT attention and should be repaired properly!

Location: On Dalry Road at the old Scottish Building no Society. There is a rusty frame from a road sign with a sandbag holding it. I was walking along Dalry Road. I saw the sign leaning against the wall of the Scottish building society building. But didn't notice that there was a bit sticking out. I tripped and was extremely lucky that I didn't fall onto a rusty metal frame. **Contact:**

Location: Travelling west on Dalry Road approaching the traffic lights at the large junction with Ardmillan Terrace, etc. There is an uneven surface in the cycle lane just when entering the red cycle section of the road immediately before the traffic lights at this junction. I would perhaps describe it as a bad joint/seam of the tarmac? It's quite bad when travelling over it on a bicycle. **Contact:**

Location: One of the traffic lights at the end of Dalry Road where it meets Gorgie Road, Ardmillan Terrace, Warriston Crescent and Henderson Terrace is broken. The filter which allows a person coming from Dalry Road to go up either Ardmillan Terrace or Henderson Terrace isn't working. This has been the case for a few weeks but doesn't seem to have been picked up because it's a filter only and the light does eventually turn green. However it does unnecessarily impede the flow of traffic. **Contact:**
