A copy of the land / title deeds the council owns / maintains has overall responsibility for in Claverhouse Drive EH16 6DJ, and Glendinning Crescent EH16 6DN.

We have checked our records and this area of land is owned by the Council and comes under the Housing Revenue Account. I have attached the extract from the Atlas. The Council acquired over 212 acres of land in 1946 to build what is now the Council housing estate (known as the Inch). This title covers the 212 acres.

Council house sales will create a smaller individual title deed for each property sold, but the larger unsold areas or Council houses that are not sold will remain in the Council's ownership, managed by Housing on the original 1946 deed.

I have attached copies of the title plans.

How many council owned properties are there on Glendinning Crescent, and Claverhouse Drive. Please list the addresses.

The Council owns 44 homes on Claverhouse Drive and 23 homes on Glendinning Crescent.

A list of the addresses will not be provided as I consider this to be personal data. A resident would have no expectation that their tenancy status would be provided in response to a request for information.
