A list of all IT and Cybersecurity-related services and contracts your organisation has procured in the past three years.

For each contract, please include:

- The name and description of the service or product purchased
- The supplier or vendor
- The contract start and end dates
- The total contract value (if available)
- Any associated renewal or extension terms

Details of CEC contracts awarded can be found at, [Contract register – The City of Edinburgh Council](#)

In line with advice from the National Cyber Security Centre, we do not provide information relating to hardware, software and systems and therefore, unfortunately, it is not possible to provide you with the information you have requested.

By placing information about our systems into the public domain we would potentially be putting our IT framework at risk. This would prejudice substantially the Council's ability to effectively carry out its business if its IT framework were compromised as a consequence of the disclosure of this information.

Please provide the name and contact details (or departmental contact information) for a relevant individual within your IT or Cybersecurity department, who may be approached for future correspondence or engagement.

You can email informationsecurity@edinurgh.gov.uk
