

55879 Stewart Preservation Ltd. - Over-charging Inquiry

I understand that Stewart Preservations went into insolvency, just at the time they were exposed. You say there was evidence of over-charging.

Can I have, (a) the figures that were involved and (b), who in the council was responsible as this went on for a period of time and not one incident.

a. Please note that the response to previous request, EDIR 55129, confirmed that there was evidence of potential overcharging. Both parties claimed that sums were due to them. A court action was raised and was settled extrajudicially with the court action being withdrawn.

The sums involved are not in the public realm and are confidential in line with the extrajudicial settlement.

b. This information is not held by the Council

Can I have proof that a recovery was attempted to recover council funds.

Please refer to response above - This matter was subject to legal proceedings.

A copy of the minutes of the Housing Committee meeting it was raised and exposed.

No such Housing Committee meeting minutes have been identified.
