Regarding TRO 24/05 – Consultation feedback, you reference feedback being received in 2021 indicating parking pressures in the area.

I would like to ask you to provide details of any specific feedback you have received from residents east of Pitville Street.

All feedback and data from the 2021/22 informal consultation and on-street parking surveys is available in the Committee report at: [Item 7.4 - Strategic Review of Parking - Results of Informal Consultation on Phases 3 and 4.pdf](#). The report can also be access via our [Strategic Review of Parking committee reports page](#), along with many of the most recent/relevant reports related to the review.

The TRO/24/05 statutory consultation has recently concluded and the feedback received will be published in a report to Committee later this year.
