

56022 Copy of the Council's 2025/26 EES:ABS

Request for a copy of the latest submission which includes a request to consider funding a special project to insulate Airey Duo homes (please see the latest Housing Homelessness and Fair Work Committee (13/5/2025) Business Bulletin for more details). This should include all relevant calculations and evidence submitted to Scottish Government to back up the request on the Airey Duo homes.

In summary: I would like to see the Council's EES:ABS request, but the detail I need is on the special project for Airey Duos only.

Your reply on 13 June was that this information was not held by the Council because a request to the Scottish Government for the 2025/26 EES:ABS had not yet been submitted. I believe this has now been submitted to the Scottish Government so I would like to request a copy.
