

56039 Extension of Double Yellows on Oxfords Avenue

Would you be able to identify the Traffic Order that processed and agreed for the extension of the double yellows on Oxfords Avenue (see attached picture).

I want to understand fully the possible objections and the timelines it took to deliver the extension on the Avenue.

The double yellow line was extended under Traffic Regulation Order TRO/23/37. The Order was advertised in the Scotsman newspaper, on the Council's website and on the Tellme Scotland portal from 16/02/2024 and was open for consultation from 16/02/2024 to 08/03/2024.

No objections were received during the consultation period and the Order was made on 26/06/2024, coming into operation on 01/07/2024.
