The number of licensed taxis which have CCTV or camera recording equipment installed.

78 vehicles have either (or both) a safety or front facing camera.

The number of licensed taxis which are licensed allowing them to operate across multiple authority areas.

None.

The number of complaints, reports, or issues raised regarding taxis in your authority area for the years 2018 – 2024.

There were 2,151 recorded in this period. We categorise complaints based on alleged behaviour/issue and not on the type of vehicle, however we have supplied figures where the taxi plate number is recorded as part of the complaint.
