

56445

Can you please provide a list of all play parks in the City of Edinburgh Council area, the age of the play parks and the year they have been upgraded, or are due to be upgraded, as part of the Scottish Government 2021 play area upgrade scheme.

Please also include play areas which have not been upgraded.

Please find attached a list of play parks and wheels areas maintained within the Edinburgh estate, covering a total of 181 sites.

We do not currently hold readily accessible records showing when each play park was originally installed, so this information has not been included. The scope of upgrade works varies depending on need.

For example:

A play park may be fully refurbished, with most equipment removed and replaced (indicated by "F" in column 6).

Alternatively, specific items of equipment and/or safety surfaces may have been upgraded, such as replacing obsolete play units or resurfacing safety areas.

Please note that records showing an upgrade year of 2025/26 refer to ongoing projects. These may be subject to change depending on budget and available resources.

Column 7 indicates where funding support was provided (in whole or in part) by the Scottish Government Playpark Renewal Fund
