

56601

The City of Edinburgh Council will be seeking views on the proposed new tram routes from Granton in the north of the city to Edinburgh BioQuarter and Royal Infirmary of Edinburgh and beyond into the region.

Please can you provide the projected cost?

Please can you provide the main companies involved with funding?

This information is contained in the report to T&E Committee on 1 February 2024 (section 6 Financial Impact). [Item 7.3 Tram from Granton to BioQuarter and Beyond Consultation for Strategic Business Case Develop.pdf](#). An update on estimated costs will be provided as part of the consultation which goes live on 25 August 2025.

Please can you provide previous persons involved with lessons learned from previous trams delays and costs that are still involved ie in paid local authority roles and those not in local authority paid roles

Given the scale of tram projects, many Council officers were/are involved but not on a daily / regular basis. To provide names of individuals who may not now have any involvement would not be appropriate.
