(Please provide a breakdown of whether the referral was made by a police force, educational institution or other channel. Please also provide the youngest age at which an individual was referred.)

This information will not be provided. The number of referrals received by each Local Authority could indicate where in the country the risk of individuals being radicalised was highest and if replicated in other areas, this information could be used to create a 'threat map' based on age, allowing individuals to target certain areas with vulnerable minors.
