

56723

Please provide the following information for all children's play parks owned, managed, or maintained by the City of Edinburgh Council for the period 1 January 2023 to the present date:

Copies of all safety inspection reports, whether routine, operational, or annual, including any reports from independent inspectors.

Copies of any risk assessments, safety audits, or other documentation referencing safety issues in these play parks.

Copies of any correspondence, internal memos, or other written material in which safety concerns or maintenance issues in play parks are discussed.

Minutes, agendas, or notes of any council meetings, subcommittee meetings, or officer meetings in which safety in children's play parks was discussed.

Unfortunately, due to the size of the attachments we are unable to provide all the reports requested. Please find the following samples attached.

[Review of High Risk Play Assets Assessed by Independent Inspection 2023 – Management Report](#)

[Appendix 1 - Review of High Risk Play Defects 2023 closed](#)

[These actions are closed and were open at the time of submission to the management team.\)](#)

Only items considered high-risk, by the independent assessor, are reviewed by the NES Management Team - as per an audit action. Full reports for 2025 have only just been provided so the management team review for the year remains outstanding.

Copies of two of the inspection reports for examples of what we hold:
