1817925	Needles	West Register Street Lane	11-City Centre	17/08/2024 16:41	20/08/2024 10:34	Request from Public	CEC St Cleansing	Short description of complaint : Homeless people using drugs in the back alley and building temporary shelters with pallets. Please provide the details of the complaint : The back alley of the business [REDACTED] has been overrun by homeless people. We are having issues with them concerning the safety of our staff members and other passerby. There's a significant number of drugs paraphernalia that constantly get thrown either on the floor or amongst our garbage collection area, with traces of blood left behind. Some other use material such as pallets or metal scraps to build shelters that are normally host more people plus animals (normally dogs), it goes without saying that any physiologic need is carried out in the back alley, having to clear urine and feces. They meddle with our garbage breaking bags and throwing cardboards around, which in turn we have to clean risking to get someone hurt because of the used syringes they leave hidden among the garbage bags or on the ground. How would you like us to deal with this? : Clear and sanitize the area and put a stop to the occupation of the area by checking regularly with the local police force on the matter. Please upload additional documents that may assist us : Syringe 1.jpgShelter.jpg
