

## 56860 Council-Owned Solar PV Systems

I request the following information regarding solar photovoltaic (PV) systems greater than 50kW owned or managed by your council.

A list of all solar PV installations owned or managed by the council, including:

Location (address/site name)

Installed capacity (kW/kWp)

Type of installation (rooftop, ground-mounted, carport, etc.)

[Please refer to the attached pdf document which includes the solar photovoltaic \(PV\) systems greater than 50kW owned or managed by the City of Edinburgh Council.](#)

Installation and contractual details, including:

Installation date(s)

Feed-in Tariff (FiT) contract expiration dates (if applicable)

Any Power Purchase Agreements (PPAs) in place

[Please refer to the attached pdf document.](#)

[Feed-in Tariff \(FiT\) contract expiration dates - Expiration dates are 20 years from installation dates.](#)

Planned decommissioning schedules, including:

Expected end-of-life dates for systems

Plans for repowering, removal, or replacement

[Expected end-of-life dates for systems - All systems are expected to last 25 years unless stated on the attached pdf document.](#)

[Plans for repowering, removal, or replacement – There are plans in place for end of life as yet.](#)
