

56870 Gender-Based Violence in Schools

In every year since 2020/21, the number of incidences of gender-based violence directed at female pupils, female teachers and female members of staff in schools covered by your local authority area.

These do not necessarily need to have come from a pupil, but please can you tell me the number that have come from a male perpetrator? This could be a male member of staff, a male teacher or a male pupil.

The Council does not hold information about the recipient of any incident. We could identify if an incident had a male perpetrator, but not if any incidents were directed towards females.
