Re 449 Gorgie Road, Edinburgh EH11 3AA

For the works carried out by the council housing department between the years 2014-2025.

In respect of work carried out in the attic on the roof walls down pipes drains and windows etc on council tenants homes.

As major works are due on the building, I would like to know exactly

What work has been carried out in the last 10-15 years?

[Please see the attached documents detailing the internal and external works undertaken.](#)

[Please note that any personal data has been redacted and replaced with 'xxx'.](#)

Who signed off on the work?

Who carried out the work?

[We do not hold this information. Work was carried out by various contractors throughout this timeframe and this is not all recorded.](#)
