

57280 Self-Storage Facility

I'm writing to request information regarding the drive-up self-storage facility operated by CoVault in Edinburgh, located at 9 Harvest Road Edinburgh EH28 8LW.

Could you please confirm the following:

Has a building warrant been granted for this site? If so, does the building warrant specify any requirement for internal fire separation between individual storage units? Are you able to provide any relevant reference numbers or documents associated with the approved application?

Information relating to building warrants, completion certificates and reference numbers can be obtained from our [Planning Portal](#).

Copies of documents can be viewed or requested from our [Building Standards plan store](#).
