

57328

I would like to know how many children with an age range of 0-18 years of age have died while under the care of Edinburgh city council social services dept in the last 10 years.

Between 1 Oct 2015 – 30 Sep 2025, there were 'less than 10' deaths of children in our care.

The exact number will not be provided. Given the small numbers involved, this could lead to an individual being identified.
