How many speed cameras are in operation on the Calder Road dual carriageway to monitor the new 30mph speed limit?

There are no speed cameras in operation on Calder Road.

If there are no speed cameras on the Calder Road dual carriageway in operation, how is the speed of drivers monitored?

Traffic surveys will be undertaken approximately six months after the new limits are introduced to monitor the effectiveness of the reduced speed limits.

How many fines for speeding have been levied for drivers exceeding the 30mph since the introduction of the lower speed limit?

Police Scotland are responsible for the enforcement of traffic offences, such as speeding.

We do not hold this information.
