

57721 Part 2A Public Register of Contaminated Land

Could you please confirm/provide if your authority has the following:

A Part 2a register for contaminated land?

Yes.

Any entries within the Part 2a register?

There are no entries within the register. As there has not been identification of contaminated land within the local authority inspection area, the register remains empty of notification served under the Part IIA Act at this time.

If there is identification of contaminated land, the register will be updated to reflect the action undertaken in terms of the items specified by the register, and will be available to view both on the [Council's website](#) and at the Council office at Waverley Court, 4 East Market Street, EH 8 8BG.

A copy of the Part 2a register and its entries?

Please see attached.
