Please provide copies of all the communication relating to 1 and 2 above

The Council's view is that public disclosure of this information is likely to inhibit the handling of future requests under FOISA, as Council officers are likely not exchange their views in a free and frank manner. Further by placing into the public domain this information the Council may likely undermine their own position relation into the decision it has reached.

Reasons/explanations why it has not been provided before the current date.

The cause for the delay was a failure of the relevant Council service to provide this office with the information requested.
