

57913 Closure of Residential Parking on Curriehill Road

I am looking for the timeline of what actions will be taken on Riccarton Mains Road and the planned timeline for these to take place over the 8-week closure.

6 October 2025 to 10 October 2025 – Gully upgrades and kerb renewals

13 October 2025 to 20 October 2025 – Surfacing phase 1A (s-bends)

21 October 2025 – 24 October 2025 – Surfacing 1B (railway to Garden Centre)

27 October 2025 – 7 November 2025 – Surfacing phase 2 (Garden Centre to Corslet Road)

10 November 2025 – 14 November 2025 – High friction surface, road markings, and reflective road stud installation (all phases)

If possible, can it also be explained why the whole road had to be closed instead of maintaining one-way controlled traffic?

We were unable to maintain one-way traffic due to the road width being too narrow, this means we would not have an adequate safety zone.
