

57992 Street Sweeper - Reg plate SS 10

I am writing to raise a concern and seek clarification regarding one of the council's street sweepers that operates in my area. Registration plate: SS 10

I would like to know the cost of the vehicle's registration plate, including any associated fees or special licensing arrangements.

The total cost of the registration plate currently assigned to the street sweeper (including any custom or specialty plate fees, if applicable).

Whether this cost is covered under a general fleet contract or through a separate expenditure.

The date the registration was last renewed.

We have no records or documentation on the purchase of the SS10 vehicle registration. We checked Transport Committee minutes and full Town Council minutes from 1903/1904, but there is no mention of the purchase of vehicles and their registrations.

We do have some vehicle registration volumes for Leith, Midlothian, and Linlithgow but the 'SS' registration mark is from East Lothian. It is not a private registration number, but the standard format of the time.
