A list of businesses that have been issued with:

- Pest-related enforcement notices
- Hygiene improvement notices
- Temporary closure orders due to pest infestations
...within the past 12 months.

For each case, please include:

- Business name and address
- Type of premises (e.g. café, hotel, retail)
- Nature of the pest issue (e.g. rodents, insects, birds)
- Date of notice issued
- Outcome or resolution status (e.g. reopened, ongoing, resolved)

Any internal guidance or policy documents used by Environmental Health Officers when assessing pest-related risks or issuing notices.

Between the dates 22/10/24 to 22/10/25:

The have been no pest-related enforcement notices served on business.

There have been 10 Hygiene Improvement Notices served but none of these were pest related.

"Temporary closure orders" We do not have these orders but do use Voluntary Closure Agreements and between these dates there were 10 VCs agreed for pest related issues. All are attached.

Each notice shows:

Business name and address

Type of premises

Nature of the pest issue, all for mice.

Date of notice issued

Outcome or resolution status. All premises were reopened once issues had been addressed.
