

58085 Tree Removal

I would like to request clarification regarding if the council have ownership of the tree at the rear of 4 Echline Park, South Queensferry, EH30 9XQ.

If the council have such ownership I wish to then make a formal request that the tree is removed to prevent any catastrophic damage or injury should any large branches fall in the increasing winds or worse the tree falls. Several branches have already fallen on fences causing minor damage and cars causing scratches.

The Council does not own or maintain the land where the tree is located to the rear of 4 Echline Park.
