

58199 Craigmillar Court - Mould

I would like to know all dates that I requested the dampness and the mould at the bottom of Craigmillar Court be investigated by reporting it to repairs direct. I am also requesting as a tenant who lives in the 12th floor where the toxic smell goes all the way up to for the results of these investigations.

The requested information is attached. Third party personal information has been redacted from the document provided.
