

58286 Average Spend Per Head

In the Council budget key facts and figures pdf for 2024-2025, under 5.1 Scottish Comparative Statistics, it was quoted that in Edinburgh the average spend per head of population was £2,518.

Could I please have the above information broken down by Edinburgh Postcode for the last 10 available years up to and including the 2024-2025 results?

If by postcode is not possible, then an acceptable substitute will be by General Election Constituency for Edinburgh Postcodes.

The Council's expenditure data is not recorded in such a way that would allow it to be split by postcode or constituency.
