Please note the information provided is for the south-bound bus lane.

To request the exact dates the bus lane on the Shore and the ineffective sign on Bernard Street were put into place.

The Council is unable to provide a specific install date for the bus lane. However, I can advise that installation works for the signage were completed in April 2024 and the go-live date for the enforcement camera was 6th May 2024.

There are road markings and signage at the bus lane entrance and advanced directional signage is in place on all approaches.

How many fines have been issued and how much money has been paid?

Between 6th May 2024 and 24th November 2025, a total of 18,253 Bus Lane Charge Notices have been issued at the location, with a total of £82,545.93 paid to date.
