

58590 Flooding-Related Data

We are seeking all flooding-related data in relation to the following roads and any land or property within 250 metres of them:

Newmills Road, Balerno; and

Gowanhill Farm Road, Balerno.

The information we seek includes but is not limited to:

- Historical flooding records;
- Flood risk assessment records; and
- Flood prevention and mitigation measures implemented by the City of Edinburgh Council.

• **Historical Flooding Records**

- Reported flooding to railway at Curriehill level crossing and adjacent property on the following dates: 30/11/2018, 02/03/2019, 28/10/2021, 30/01/2022, as well as unverified flooding incidents between November 2018 and October 2020, and between October 2023 and March 2024.
- Reported surface water flooding to properties at Cherry Tree Park, close to Cherry Tree Crescent junction, on the following dates: 24/06/2019 and 11/08/2020.
- Road Flooding reported next to 20 Newmills Road on 04/07/2021
- 04/07/2021 - A70 Lanark Road West Flooded – adjacent to 1 Newmills Road (from SEPA records)
- 06/08/2021 - A70 Lanark Road West Flooded – adjacent to 1 Newmills Road (from SEPA records)

• **Flood Risk Assessment Records**

- The Council has no flood risk assessment records for this area. Site specific flood assessments for new developments can be found on the Council's Planning Portal at:

<https://www.edinburgh.gov.uk/planning-applications-1/view-comment-planning-applications/1>

• **Flood Prevention and Mitigation Measures Implemented by the City of Edinburgh Council**

- The Council has assisted a private resident at Cherry Tree Park with a surface water pump which is privately-owned and maintained. There are no other Council-implemented flood mitigation measures in the area.
