

## 58738 Private Water Supplies

We are looking for any information you may hold on all Private Water Supplies in your council area.

As a guide, we would be looking for information such as:

- Location / co-ordinates
- CAR licence or registration details (including permitted abstraction volume)
- Date of installation
- Type of water supply
- Depth of any borehole, and water level in any borehole
- Details of any inspections or testing that may have been completed.

However, we would gladly accept any additional information you may hold beyond the above list.

The information we hold which is within scope of your request is attached, with guidance provided below.

- Location / co-ordinates – Please refer to the attached Private Water Supplies Register.
- CAR licence or registration details (including permitted abstraction volume) - The Water Environment (Controlled Activities) (Scotland) Regulations 2011 (CAR) and licensing is undertaken by SEPA. They can be contacted at:

SEPA  
Angus Smith Building  
Unit 6  
4 Parklands Avenue  
Eurocentral, Holytown  
North Lanarkshire  
ML1 4WQ

Tel. 0300 099 6699

- Date of installation - The Threipmuir borehole was operational from 2020. The East Rigg borehole was operational from December 2022. We do not hold any information on other PWS dates of installation.
- Type of water supply - Please refer to the attached Private Water Supplies Register and/or Risk Assessments.
- Depth of any borehole, and water level in any borehole - Where available this information is recorded in the attached Risk Assessments.
- Details of any inspections or testing that may have been completed - The most recent microbiological and chemical water sample test results are attached. As are copies of the Risk Assessments.

Third party personal information has been redacted from the documents provided in compliance with the Data Protection Act 2018.
