Note on terminology

By a '**nursery**', we mean all Care Inspectorate-registered childcare providers that look after groups of children under five on non-domestic premises for at least 25 hours per week. This includes pre-schools, day nurseries, nursery schools and schools with a nursery.

'**Maintained**' means provision run by the local authority or a state school/nursery. These may or may not make charges to parents.

'**PVI**' means provision run by the private sector, voluntary providers, or independent schools, including PVI provision in children's centres.

Section A: Prices

For children under two

Please provide us with the average (mean) prices in your area for children under two for: maintained (local authority or state school-run) nurseries, PVI (private, voluntary and independent) nurseries, and childminders.

Nurseries and childminders record their prices in different ways. Some have an hourly rate, while others have a weekly rate for 50 hours provision from 8am to 6pm. If the nursery does not have a 25 hour rate, please calculate the price of 25 hours provision by halving the 50 hour rate, or failing this, multiplying an hourly rate by 25.

By '**Maintained**', we mean run by the local authority, such as a state school or local authority-run nursery.
