

## 58887 Bicycle Repairs and Maintenance in Schools

Can you please enlighten me as to how much money was spent on the repairs and maintenance of all the council owned and school owned bicycles across all the schools in Edinburgh for the 2024-25 financial / academic year including a breakdown of the money paid to each organisation who fixed bikes for said year?

Most of our bikes are serviced internally at no cost to the schools; however, for the schools that have paid for this service, the costs for 2024/25 split by supplier were:

Internal - £350.00

ProjektRide - £2,133.00

Soul Cycle - £200.00

Bike Craft - £350.00

Local bike shop - £65.00
