Re falling masonry and other objects presenting a danger & real risk to life.

We would be obliged if you could please provide us with some figures on how many incidents have been recorded this year to date.

Information on reporting of emergency repairs is published on the website at the following link: <https://www.edinburgh.gov.uk/downloads/file/26153/the-shared-repairs-service>

The Edinburgh Shared Repairs Service received 251 reports of defects at height between 01 January and 11 December 2025.

In addition, the Facilities Management team advise that there have been 28 incidents involving masonry or other falling objects recorded this year to date.
