Hi

There was a delay in updating RCC ED/16/0028 to adopted (which covers Adamslaw Place, Barnie Terrace, & Part of Baileyfield Crescent as we were waiting on a corrected drawing to accompany the certificate. (only part of Baileyfield Crescent has been adopted todate & the previous drawing showed the entire road as adopted).

The replacement adoption plan dwg is attached here. The adoption certificate includes 1 new gully on the adopted section of Baileyfield Crescent (Asset ID 62863 Asset No.15027)

Can you let me know to which route this should be added? Currently it is still prospectively adoptable.

Thank you
Kind Regards
Eileen
