Hi Davy/Karl

Please see my email below. Is there any update on issuing an amended certificate for ED/16/0028?. Street Lighting are chasing this up as they need to record the adopted street lights in order to get them into Confirm

Thank you
Regards
Eileen

Hi Davie/Karl

RCC ED/ 16/0028 includes Cunningham Square. The attached pdf labelled 'Adopted Road Layout' shows this road as part of the roads being adopted. However the Adoption Certificate that was sent out with this drawing does not mention Cunningham Square at all. Could you please send out a certificate & plan that make it clear whether this road is adopted or private or other?

I have been advised to wait for an amended certificate & plan before I update this location.

Thank you.

Kind Regards
Eileen
