

59215

Please provide the dates on which the following pieces of legal advice (on the implications of the Supreme Court judgement) were sought and obtained:

- advice provided by the Council's internal Legal Services team;
- advice provided by Harper MacLeod LLP;
- advice provided by Jamie McGowan (advocate).

Note that emphasis on the words 'sought' and 'obtained' as these are two distinct actions/events so presumably distinct dates will also apply.

We do not hold this information. The scope of this question does not allow for a response. Legal advice is sought by Officers from across the Council. The wide implications of the Supreme Court's judgement means that a significant number of areas are likely to be impacted, meaning that a number of topics of advice would be caught within this request. Advice may have been sought via email, on virtual meetings, over the phone or in person. The Council does not maintain a record of the topics on which legal advice is sought.
