

59397

A copy of the most recent structural assessment, engineer's report, or inspection relating to the wall in the gymnasium at Liberton High School.

[Please see the Will Rudd Davidson Report attached.](#)

Details of any remedial or safety works carried out on the gymnasium wall, including:

- the nature of the issue identified.
- the repairs or temporary works undertaken.
- the dates on which these works were carried out.

[Please see the Will Rudd Davidson Report and the timeline attached.](#)

- any subsequent inspections or sign-offs confirming the area is safe for use.

[The engineer was satisfied with the work and confirmed as complete.](#)

Any correspondence, internal reports, or communications held by the Council concerning the decision to cordon off a portion of the gymnasium.

This may include communication between CEC, structural engineers, the school leadership team, the Parent Council/PTA, or any contractors involved.

[The original planned works required closure of the Games Hall, this remained closed until all assessments and reports were obtained. The Games Hall was re-opened for use and was closed again to enable required works as per the timetable noted works in November.](#)

Any risk assessments or safety evaluations relating to the gymnasium area that have been completed in the last 12 months.

[Nothing additional other than the above reports provided.](#)
