

59518 Complaints made by teachers

I am interested in understanding what issues teachers have complained about in the last few years as well as the way those complaints are recorded by the local authority.

Please provide the following information:

Please reveal every category/type of complaint made by teachers that the local authority records.

The complaints system does not record job title and therefore we cannot breakdown complaints specifically from teachers.

Please provide a breakdown by category of all the complaints made by teachers in the last 5 years.

If possible, please distinguish between high school and primary school teachers.

The Council does not hold information prior to 2023.

2023 - Less than 5

2024 - 10

2025 - 6
