

59561 Street Lighting on Stenhouse Drive, Edinburgh

Where were the streetlights on Stenhouse Drive, Edinburgh between the junctions with Stenhouse Place and the junction at Stenhouse Avenue West on 25th October 2025?

[Please see attached document which provides the coordinates of each of the nine streetlights.](#)

Were the streetlights active on the above road on 25th October 2025? If so, how many streetlights and can you provide a map with their position?

[All streetlights were active and operational on this date, as per the attached map.](#)

Can you please provide the time of when the streetlights would have been turned on and off during October 2025?

[Please see attached document which details the on/off times for each of the streetlights.](#)

Were all streetlights between these two junctions operational on 25th October 2025 and have there been any repairs made since 25th October 2025?

[All the streetlights along Stenhouse Drive \(between the junctions with Stenhouse Place and the junction at Stenhouse Avenue West\) were operational on 25/10/25, with no repairs having been made since this date.](#)

Did the timings change when the clocks fell back from British Summer Time to Greenwich Mean Time?

[The switch on/off times are not governed by a timeclock. Using light sensors, the streetlights switch on and off in response to the ambient lighting levels.](#)
