

59628 Inspections of Gambling Related Premises

Can you please tell me how many inspections of gambling related premises have been carried out by the council in each of the past 2 years, either the years to 31st December 2025 or the years to 31st March 2025, or whatever period of time you have stats for.

Can you break down the data by the following category of gambling premises, as specified by the Gambling Commission:

- Adult Gaming Centre
- Betting Shop
- Bingo
- Casino
- Family Entertainment Centre

The City of Edinburgh Council has not carried out any gambling inspections within the time periods requested, or any other period. However, these premises are likely to have been inspected under other regulatory regimes.

You may wish to contact the Gambling Commission who also has regulatory authority in relation to gambling premises. Their contact details are on their website at:
