Any cost charges applicable for using these male, female, gender neutral, or disabled public toilets.

No costs are applied.

The actual recorded times male, female, gender neutral and disabled toilets were opened and closed each day (the physical time they were opened and closed, not just the advertised times)

This Information is not recorded.

The number of times each male, female, gender neutral and disabled public toilet has been:

- a. Cleaned, checked, refilled and replenished daily

There are six public conveniences throughout the city that have static cleaners in them, who clean, check, refill and replenish through the day.

The remaining public conveniences are serviced by a mobile cleaning team, which cleans, checks, refills and replenishes at least three times a day.

b. Deep cleaned in each year

Deep cleaning is not included within our Facilities Management service provision. All cleaning activities are carried out in accordance with our standards set out in our Service Level Agreement.

A list of the times each male, female, gender neutral and disabled public toilet has been closed, never opened at all on a day, or out of order by instance, the time period they were closed and out of order for, and the reason for each instance.

This information is not recorded.

The number of times each male, female, gender neutral or disabled public toilet has been vandalised, damaged or forced out of order by members of the public.

There are four recorded reactive jobs for the financial year 2024/25.

The number of times each male, female, gender neutral or disabled public toilet has suffered from faults, wear and tear, and general plumbing issues requiring repair or replacement of facilities.

The number of times each male, female, gender neutral or disabled public toilet has suffered from faults, wear and tear, and general plumbing issues requiring repair or replacement of facilities is 139.

In respect of points (8) and (9) above, a summary of the damage/vandalism/issue and the timeframe taken from reporting or noting of the issue to repair.
