

59707 Social Care Assessments

I am looking for information regarding the provision of social care in this Health and Social Care Partnership.

As such, can I request the following:

- The median completed wait for a Social Care Assessment for the calendar years 2019, 2020, 2021, 2022, 2023, 2024 and 2025.
- The longest completed wait for a Social Care Assessment for the calendar years 2019, 2020, 2021, 2022, 2023, 2024 and 2025.

Please refer to the table below.

Due to changes in the way teams were recorded, we can only provide Assessments by Social Care and Community Care Assistance from August 2022.

Year	Median	Longest Wait (Days)
August 2022 - December 2022	34	841
2023	32	694
2024	23	1,008
2025	24	1,244
