

59709 Occupational Therapy Assessments

I am looking for information regarding the provision of social care in this Health and Social Care Partnership.

As such, can I request the following:

- The median completed wait for an Occupational Therapy assessment for the calendar years 2019, 2020, 2021, 2022, 2023, 2024 and 2025.
- The longest completed wait for an Occupational Therapy assessment for the calendar years 2019, 2020, 2021, 2022, 2023, 2024 and 2025.

Please refer to the table below.

Due to changes in the way teams were recorded, we can only provide Assessments allocated to Occupational Therapists from August 2022.

Year	Median	Longest Wait (Days)
August 2022 - December 2022	21	289
2023	10	559
2024	9	690
2025	21	881
