For each contract or award:

- Supplier name
- Supplier company registration number (where held)
- Contract title or description
- Service area / directorate
- Award date Contract start date
- Contract end date
- Original contract value
- Total value including any extensions or variations

Whether the contract was awarded via:

- Open tender
- Framework agreement
- Direct award
- Waiver of standing orders

Please find attached.

We do not have any information on whether a contract has been varied or not and for the most part there is an indication on whether the contract is a direct award, mini comp etc. Whether something was done as an Open Procedure or not is not recorded however, this will be in the public domain in [Public Contracts Scotland](#) in the form of a contract notice.

We also have framework header lines (in Amber) which show which framework the call off will be made against and which are detailed below the header.
