

## 59814 Teachers Leaving the Local Authority

Confirmation of whether or not the local authority records the reason as to why a teacher is leaving a job in that local authority.

If the local authority does record why teachers are leaving a job then please provide the number of teachers who have left teaching employment with the local authority in the last five years (2020 to 2025) broken down by the reason for leaving.

In other words, provide the total number of teachers who left employment with the local authority as teachers but also a breakdown per year of the reasons why teachers left.

Reason	2020	2021	2022	2023	2024	2025
Dismissal due to ill health, capability, misconduct	<5	<5	<5	<5	7	<5
End of Fixed Term Contracts	34	34	21	22	30	38
Retirement	63	60	63	38	61	57
Resignation	135	158	187	164	150	266
Other	<5	<5	<5	<5	<5	0

Where there are five or fewer staff members, these are shown in as '<5'. Given the breakdown by low numbers, we cannot provide the precise numbers for five or fewer as this could lead to an individual being identified.
