

59888 Roundabouts Vandalism

For the period 1 July 2025 to 30 November 2025, please provide a single total for the period for each of the following:

The total recorded spend incurred by the Council for repainting roundabouts as reactive works in response to unauthorised markings/flags/graffiti/vandalism (e.g. “flag”, “St George’s Cross”, “England flag”, “Union Jack”, “Union flag”, “painted flag”, “vandalism”, “graffiti”, “illegal signage” etc) – i.e. not routine/planned maintenance.

No such spend has been identified in this period.

The number of jobs/incidents in the same period where roundabouts were repainted for the reactive reason above.

No such jobs or incidents have been identified in this period.

If – and only if – you do not explicitly record flags/graffiti/vandalism on roundabouts:

Please provide items (1)–(2) for all reactive (non-routine) roundabout repainting in the period and confirm that a more specific split is not held.

No such spend has been identified in this period.

If held, please include the relevant job/incident codes (and brief code descriptions) that map to reactive roundabout repainting so I can standardise across councils.

No such jobs or incidents have been identified in this period.
