

## 59895 Adult Care & Support Services

### Contracted Arrangements

What contracted arrangements are currently in place for dispersed care and support services for adults under 65 (MH/PSD/LD)?

Are these delivered via block contracts, frameworks, spot purchasing, or other models?

For dispersed care and support, EHSCP currently have 2,996 Spot contracts delivered by 113 providers. There are 60 block contracts delivered by 26 providers.

### Rates and Pricing

Do you operate a standard hourly rate and sleepover rate? If so, please provide rates for 2024/25 and 2025/26.

No.

Do you apply rate enhancements for:

Complex care

No.

Rurality

No.

Weekends

No.

Bank holidays

No.

Mileage

No.

If yes, please provide the enhancement values for 2024/25 and 2025/26.

Not applicable.

If no standard rate exists, what is the average hourly rate paid?

£23.58.

### Provider Landscape

How many providers currently deliver these services?

113.

How is service volume distributed across providers (e.g., do a small number deliver most hours)?

Around 30 providers deliver the majority of hours.

## Market Challenges

What are the top three challenges currently affecting delivery of care and support services?

The [Edinburgh IJB strategic plan 2025 -2028](#) has outlined the challenges and opportunities currently facing the IJB and how these are expected to develop over the next three years.

## Electronic Call Monitoring

Do you use an electronic call monitoring system?

No.

If yes, what benefits or challenges have you experienced?

Not applicable.

If no, what is the reason for not using one?

Individual providers utilise their own monitoring and reporting systems.

## Scotland Excel (SXL) Framework

Do you use the SXL Care & Support Framework for dispersed under 65 support packages?

No.

If yes, what percentage of total hours and total spend does this represent?

Not applicable.

If not, what are the reasons for non-use?

The Council is not signed up to SXL.
