

59971

Please can you provide the information below for commissioned Home to School Transport (mainstream and SEN) that was in operation during October 2025.

Route/run-level dataset (October 2025)

For each route/run reference operated at any point in October 2025, please provide the following fields in CSV/Excel:

- Route/Run ID
- Current supplier/operator name (as of October 2025)
- Vehicle type required (e.g. Taxi/Saloon, WAV, Minibus, Coach, PSV)
- Number of pickups/pupils
- If a PA (Passenger Assistant) is required
- Daily mileage (or “planned” mileage if that is what is held)
- Daily price (charge per day for that run)

Please note that SEN is an English term, however, we have responded in terms of Additional Special Needs (ASN).

We have not provided numbers less than 5, as the small size could potentially allow individuals to be identified.

The daily price will not be provided. The Council considers that if this information was disclosed to you it would harm the service provider’s commercial interests by providing external providers with an unfair advantage when competing for Council contracts and work.
