

59988 IT or Software Systems Procured by the Council

Under the Freedom of Information (Scotland) Act 2002, I request information relating to IT or software systems procured by the council that were subsequently withdrawn, replaced, or deemed unsuccessful.

Specifically:

Systems introduced since 2015 that were discontinued or replaced

The function of each system

The reason recorded for failure or withdrawal

In line with advice from the National Cyber Security Centre, we do not provide information relating to hardware, software and systems and therefore, unfortunately, it is not possible to provide you with the information you have requested.
