

59997 Bin Hub – Murrayfield

Could you please inform me when the bin hub situated at the junction of Murrayfield Avenue and Murrayfield Place was installed?

This Bin Hub (Ref: B9-05) was installed as part of the City Centre West to East Link (CCWEL) project. The bins were installed in September 2023 and the screening was fitted between October and November 2023.

Could you also advise me when it was moved to another location?

The Bin Hub was removed following a review in April 2024. It was not moved to another location as nearby Bin Hubs provide sufficient capacity for residents.
